## PROJECTS

---

### Banner Health

Senior Developer *Jan 2023 - Jan 2024*

Platform: Health Cloud

Banner Health is a health care based service system in US that operates 30 hospitals and several facilities across the 6 states with over 50,000 employees.

My primary responsibilities include maintaining the existing functionality of the patient application form with the doctor and providing regular support to the client.

### Adecco Group

Senior Developer *Jul 2021 - Dec 2022*

Platform: Service Cloud

Adecco Group is a global platform which provides staffing/recruitment process with 2500 branches in the world with annualized revenues of over EUR 5.4 billion.

My primary responsibilities include maintaining the existing functionality of candidate login UI and testing to identify and troubleshoot issues.

### OHD(Over Head Door)

Salesforce Developer *Mar 2019 - Jul 2021*

Platform: Sales Cloud

OHD is one of the recognized and respected brands in the garage door industry. For over 100 years this brand has stood for product quality and expertise, as well as professional service.

My primary responsibilities include the functionality of management of inventory and warehouses, including tasks such as stock adjustment, physical count variance, stock transfer, and more.

### EPM(East Penn Manufacturing)

Salesforce Developer *Aug 2016 - Mar 2019*

Platform: Sales Cloud

EPM is one of the world's leading battery manufacturers with over 8,000 employees, 450 product designs and hundreds of awards for manufacturing and environmental excellence.

My primary responsibilities include managing inventory and warehouses, which involves tasks such as stock adjustment, physical count variance, and stock transfer and managing the CPQ functionality.
